

policy, and the election of John H. Bankhead as United States senator to succeed himself, were the three features of the session of the Alabama Legislature to-day.

DENOUNCES ELECTION LAW

Governor Patterson Sends Annual Message to Tennessee Legislature.
Nashville, Tenn., January 18.—Governor Patterson, in his annual message to the Legislature to-day, recommends the repeal of the election law of the State enacted two years ago. The Governor says the law is partial in its operation. He states that in his opinion this law was designed for fraud and that there has not been an honest general election in Tennessee since its enactment.

He recommends the adoption of a constitutional amendment making the term of the Governor four years instead of two.

Governor Patterson strongly condemns prohibition, pronouncing it "fundamentally and profoundly wrong as a governmental policy, and in a country where the largest measure of freedom of action is accorded the individual it becomes intolerable."

He recommends "high license, strict regulation and forfeiture of license for violation of law."

Henry F. Lippitt Wins.
Providence, R. I., January 18.—Henry F. Lippitt of Providence, Republican, today was elected United States senator from Rhode Island to succeed Senator W. Aldrich, on the joint ballot of the two branches of the Legislature, his majority was five votes.

MILLS WILL CURTAIL

Will Curtail One-Quarter of Time and Conditions Improve.
Boston, Mass., January 18.—Millions of spindles in the cotton mills of the United States will be cut one-quarter of the time from today until market conditions improve. It is a recommendation made this afternoon by the A. K. Wright Club, an organization of the treasurers of mills in Massachusetts, New Hampshire and Maine, many of which have their head offices in Boston, and represents more than 10,000,000 spindles. Of the 28,000,000 spindles in the United States, 15,000,000 are in New England, and the curtailment at the meeting was the largest in ten years. Several telegrams from mill owners in Georgia, North and South Carolina, were read telling of the arrangements being made to curtail the output.

The cotton mills of the South curtailed extensively last year because of the high cost of cotton and indifferent demands for goods, and those reasons are again to curtail the output of their action to-day.

Whereas, curtailment of production already exists in New England mills to the extent of from 10 per cent. to 25 per cent. and to continue until market conditions improve, and that a special committee be appointed to prepare details and bring about such curtailment.

The cotton mills of New Hampshire employ nearly 200,000 operatives when all of the machinery is in motion.

MAY BE PUT UNDER ANTI-TRUST LAW

Bill to Include Fire Insurance Business in Existing Measure.

BLOW AIMED AT "LOBBYISTS"

McPhaul in Fight Against Cigarettes—Charters by State.

Others News.

[Special to The Times-Dispatch.]
Raleigh, N. C., January 18.—Representative Koonce introduced in the House to-day a bill to include the business of fire insurance in the State anti-trust law, by adding subsection "G," to make it unlawful to conspire to increase or maintain the rates of premiums or charges for insurance, or to keep down compensation to agents.

A bill by Vooten of Lenoir would make it a misdemeanor to "lobby" among the members of the General Assembly, to unduly influence legislation, fines of \$100 to \$1,000 being prescribed.

Doughton, of Allegheny, introduced the legislative committee's bill for the creation of the State fish commission and revising the fish laws, there being presented with the bill the report of the legislative commission on its investigation of fishing conditions and needs carried on the past two years.

Senator-Elect A. P. Kitchin, of Halifax, appeared for the first time, and took the oath of office.

The upper branch considered local bills exclusively.

Representative Nunn, of Craven, has introduced in the House a bill having the endorsement of the State insurance commissioner and the Attorney-General, providing for the liquidation of insurance companies in the State when they have failed to come up to the requirements of the law, or of companies tantamount to serious impairment of their capital.

Pensions for Veterans.

A bill of great importance has been offered in the House by Mr. Majette, of Tyrrell, providing that in addition to pensions already paid by the State to Confederate veterans and their widows, the counties should pay them not less than four dollars per month, and that both the State and county pensions should be paid monthly. Only those in the Soldiers' Home are to be excluded from this monthly payment.

Dr. W. A. McPhaul, Representative in the House from Robeson, is back from a stay of several days at his home, enthusiastic over the encouragement he is receiving over his anti-cigarette bill, which he has introduced in the General Assembly. He says he could not hope for better encouragement, and that he has received numerous commendations in the highest terms for introducing the bill. He asserts that he anticipates very little opposition except from those who manufacture cigarettes, and that he understands the American Tobacco Company wants to be heard when it comes up before a hearing before the committee.

The will of the late Captain J. J. Thomas, for twenty years or more a prominent banker of Raleigh, just filed for probate, shows that he left an estate valued at \$215,000. The home place, on the corner of Jones and McDowell Streets, Captain Thomas bequeathed to his widow, to be hers during her lifetime, and then to go to his son, Mr. J. J. Thomas, Jr.

Colonel F. A. Olds, the well known newspaper correspondent and secretary of the Raleigh Chamber of Commerce, has gone on a trip of several months through the Southern States, and will also visit Mexico. While away, he will spend some time with his son in Texas.

Program of Work.

The North Carolina Board of Geological Survey, in annual session here to-day, adopted a program for work during the coming year as mapped out by State Geologist Joseph Hyde Pratt. It includes vigorous prosecution of the investigation of the peat deposits in Eastern Carolina, and the possibilities for its profitable utilization, the investigation of the copper deposits west of the Blue Ridge; the study of the drainage possibilities in the State, especially the ascertainment of what swamp sections can be profitably drained.

Funeral services for the late Bishop W. M. Paret will be held at 10 o'clock to-morrow morning at the residence here, in accordance with his last wish, the body will be taken to Washington, D. C., where it will be interred in Rock Creek Cemetery.

Bishop Paret was born in New York City September 23, 1824.

INTERURBAN LINES PLANNED.

Will Connect Charlotte and Cities of Piedmont South Carolina.

Charlotte, N. C., January 18.—That the Duke interests intend to build a network of interurban trolley lines, connecting Charlotte and the cities of Piedmont South Carolina, and utilizing the vast water power developed by the properties of the Southern Power Company, in which they are already interested, was made known to-day when Messrs. J. B. and R. N. Duke and W. E. Lee unfolded their plans to business men of Greenville, Anderson, Spartanburg, S. C.

Work will begin shortly on a line which will connect these three cities, tapping the Seaboard Air Line probably at Greenwood, and thence on to Charlotte, opening up a rich territory. The cities interested are asked to take stock in the proposed line, and the manufacturers and merchants are to agree to give the line at least 50 per cent. of their freight business. To be sure, the propositions the trolley line has approached have agreed. The road is to be built by a syndicate capitalized at \$1,000,000.

WESTCOTT IN LEAD.

Annual Midwinter Trap Shooting Tournament Begins at Pinehurst.

Pinehurst, N. C., January 18.—The fourth annual midwinter handicap trap shooting tournament opened here to-day with a 200-yard race, in which twenty-target sweepstakes, in which C. G. Westcott, of Leesburg, Fla., led, with a score of 184. W. F. Clarke, of Boston, was second, with 171, and Dr. D. L. Culver, of Jersey City, the title holder, tied with W. D. Hines, of Portland, Me., at 163.

John R. Taylor, of Atlanta, Ga., led the professionals, with 188; H. R. Welles, of New York, second, with 180, and Lester S. Gorpan, of Aberdeen, Ga., tied with George L. Lyon, of Durham at 177. A bad cross wind made the average low.

drained; the continuation of the good roads policy used the past two years of giving engineering assistance to counties, and the construction and maintenance of roads; the continuation of the forestry policy of inventorying the timber and estimating the location and amount of timber, this having been done already in forty of the western counties; assist cities and towns in surveys, and protection of water sheds.

The report shows that an amazing amount of good for the furtherance of road improvement was accomplished the past two years with the \$5,000 appropriation for engineering assistance. The Legislature will be urged this session to appropriate \$10,000 for this and other co-operative work with the counties, and for a bill to create a full fledged State highway commission, to press co-operative work with counties in all parts of the State.

Charters were issued to-day for The Madison Lumber Company, of Marshall, capital \$10,000, by Guy V. Roberts and others; The W. M. Reagan Company, of Bryson City, capital \$10,000; amendments to the charter of the Hunter-Brewer Company, Raleigh, changing the name to Hunter-Band Company, and to The Buckhorn Lithia Company, Granville, capital, increasing the capital to \$200,000, were filed.

Municipal Association.

The Carolina Municipal Association met here to-day for its third annual session, to deliberate on matters connected with the municipal life of the State. The most important discussion of the meeting will be on the proposed commission form of government for North Carolina cities.

The convention was called to order this morning by the president, Mayor P. N. Tate, of High Point. The address of welcome was delivered by Mayor J. S. Wynne, Mayor Tate responding. During the meeting, which will last until Thursday morning, there will be discussions on many matters of interest to municipalities.

A brief program that will include a biography of "Bill Nye" and attention to some of his most notable writings has been prepared for "Bill Nye" Day, February 22, with the approval of State Superintendent of Public Instruction J. V. Joyner, by J. P. Cooke, treasurer of the committee on the "Bill Nye" memorial, proposed to be provided under the auspices of the North Carolina Press Association. The memorial is to take the form of a building at the Jackson Training School, at Concord.
